There is something for every learner at Williamston Community Schools. From our widely recognized early literacy programming to our unique variety of elementary arts classes, engineering and robotics labs, award-winning bands, and 19 Advanced Placement courses.

WCS is comprised of world-class, highly educated teachers who are committed to the success of each learner. Our collaborative intervention and enrichment model ensures customized support for individual students and their parents throughout the educational journey. We focus on preparing each unique learner for our ever-evolving world.
