COUNSELING OFFICE

COUNSELORS: Michelle Greenleaf and Linda Ereg

Counselors at Williamston High School provide many services to students. Our philosophy is that we are here to help students make decisions, acquire information and cope with the day-to-day challenges that teenagers encounter.

The Counseling Office is a place where students can visit confidentially with a counselor, browse through educational and career information, or seek help in any of the areas listed below. There are pamphlets on a variety of subjects of interest to teenagers and their parents. Catalogs are available to check out on colleges and business and technical schools.

Some of the areas where help is offered are:

- Dealing with personal problems
- Planning post high school education or training
- Selecting high school courses
- Career and occupational planning, including the Wilson Talent Center in Mason
- Understanding abilities and interests and using this information to plan for the future
- Improving relationships with teachers, parents, and friends
- Improving study skills
- Securing information
- Learning to make decisions
