

February 2014 Update

Sinking Fund

This is an update on what has been occurring in regards to the use of the Sinking Fund dollars.

- The initial walkthrough with contactors interested in bidding on high school roof repair has been completed. Bids for the job are to be submitted the end of February. The roof repair will be completed over the summer.
- Bids on door replacement for Explorer campus have been submitted. Replacement of doors will occur in the spring.
- Roof repairs on the elementary roof including the re-flashing of vent pipes will also occur this spring - just as soon as the snow melts and the roof area is more accessible.
- The repair on the wall insets of Explorer gym has been completed.
- Bids will be sought on the replacement of the boiler in Explorer Elementary with possible replacement occurring this summer.

We will continue to post updates on projects at the website. If you have any questions, please call the district offices - 655-4361.
