Dear Students and Parents/Guardians:

Welcome to Williamston Middle School! The students and staff at WMS take great pride in maintaining a positive learning environment with high academic achievement. The foundation of our school culture is built on staying responsible, safe, engaged, and respectful. This is evidenced by the systems in place such as Be Nice and Positive Behavior Interventions and Supports (PBIS).

Dedicated and collaborative educators make student learning a priority by creating quality instruction that engages students, aligns to state standards, and meets the needs of all learners. Teachers and staff support students' academic, social, and emotional needs in the classroom and beyond. A variety of courses and extracurricular offerings are available at Williamston Middle School and we encourage students to become involved and participate in the opportunities. Our success at Williamston Middle School is attributed to the collaboration between school, home, and the community. We collectively take pride in our district and strive to support each other through active involvement with the school community.

This student handbook includes critical information about policies and procedures that are in effect at Williamston Middle School. Each student is responsible for the student handbook contents. Review it carefully and reference it throughout the year. If there is anything we can do to help or support you along the way, please ask for assistance. On behalf of the staff at Williamston Middle School, we look forward to our work together and wish you an amazing school year!

Sincerely,

Deb LaFleur
Principal

ACADEMIC INFORMATION

Faculty and Staff Listing

Communication between home and school is an integral part of the success of your child's education and experience at Williamston Middle School. Staff phone numbers and email addresses can be obtained from our district website at www.gowcs.net and/or from our summer mailing.

Comprehensive Guidance Program

The four components of the program are: **Guidance Curriculum*: The curriculum consists of structured developmental experiences presented systematically through classroom and group activities from 6th-8th grade. Topics include decision-making skills, career exploration, self-awareness, healthy living and study skills. **Responsive Services*: This area helps address immediate needs of students. It includes consultation, personal and crisis counseling, and referrals. **Individual Planning*: These activities help all students plan, monitor and manage their own learning as well as personal and career development. It is comprised of individual appraisal, advisement, and placement. **Systems Support*: This component is implemented and carried out through such things as professional development, advisory and outreach committees, and research and development.

School Materials

Students are provided with necessary materials for classes. Any destruction, loss, or misuse of books, desks, or any other school property will be charged to the student. *A replacement fee will be charged for lost or damaged books or other materials.*

Student Records

Pursuant to Williamston Board of Education policy, a parent or guardian of a student under 18 years of age may have access to the cumulative records relating to the student. Parents or guardians interested in reviewing their student's records should phone or write the middle school principal to request a review.

Grade Reporting

Students and parents assume ultimate responsibility for monitoring their progress. Each semester parents will receive a computer-generated report in all subject areas. Parents will also have the opportunity to meet with teachers to discuss their student's progress during Parent/Teacher Conferences twice a year or more frequently if necessary. WMS maintains a self-monitored progress reporting system through PowerSchool on the district website (<http://ps.gowcs.net/public>) for all interested students and parents to access. *Contact James Doyen at doyenjp@gowcs.net for any questions about utilizing the PowerSchool System.

Parent/Teacher Conferences

Parent/Teacher Conferences will be offered once each semester. Families will have the option to attend conferences in person or virtually.

Grading Scale and Procedures

Student progress and achievement will be evaluated in relation to the State Standards and/or Michigan High School Content Expectations (HSCE). Students are provided opportunities to practice content (formative assessments) and assess skills before a summative assessment. Williamston Middle School teachers use two types of assessments: formative and summative. Only summative assessments of learning targets will be used for grading purposes.

Formative Assessments (Practice)

Formative assessments (practice) are used to inform teachers and students of students' skills and knowledge to help teachers adjust instruction and provide feedback to students. Formative assessments are a snapshot in time of students' knowledge and skills. Examples of formative assessments include, but are not limited to quizzes, drafts/attempts, homework, journals, written or verbal responses, and classroom activities. Formative assessments are recorded in PowerSchool, but are NOT used to calculate the student's grade.

Formative Assessment Grading Scale

Skills and knowledge are measured on a 3 point scale.

3 - Proficient: You've got it, continue to make progress

2 - Developing: Almost there, keep practicing and ask clarifying questions as needed

1 - Limited: Additional help needed, consider making an appointment with the teacher

Summative Assessments

Summative assessments are used to evaluate students' knowledge and skills. The summative assessment scores determine the student's final grade and indicate the extent to which a student has learned or mastered the concepts and skills that have been taught and practiced. Summative assessments may include, but are not limited to tests, exams, projects, final drafts/attempts, presentations, and performances. Summative assessments are recorded in PowerSchool and are used to calculate the student's grade.

Summative Assessment Grading Scale:

A 93-100	C 73-76
A- 90-92	C- 70-72
B+ 87-89	D+ 67-69
B 83-86	D 63-66
B- 80-82	D- 60-62
C+ 77-79	E 0-59

Communication Codes Used in PowerSchool

- (A) Assessment: This is a summative assessment of student achievement of skills and knowledge. Students may retake all or a portion of summative assessments in order to demonstrate their level of understanding of concepts and skills.
- (P) Practice: This is a formative assessment that measures student development of skills and knowledge of the standards and HSCE for this curriculum.

Evaluation Marks

- Teachers may also choose to use an **alternative method of evaluation marks**: (S) Satisfactory or (U) Unsatisfactory.
- **Extra credit** will NOT be awarded as it skews achievement data in relation to the Common Core Standards (CCS), standard and/or HSCE.
- A zero will not be used to indicate a missing assignment (assessment or practice). Instead, an **Incomplete** (INC) will be given until the student completes the assessment.

Retake Procedures

A student will have the opportunity to retake an assessment (in accordance with the teacher's written retake procedures) any time a student wants to demonstrate a higher level of his/her understanding of concepts and skills.

A student must provide evidence of having reviewed and/or practiced the material prior to doing a reassessment. A student will only have to retake the portions (CCS/concept/standard) of an assessment on which he/she failed to show proficiency on the original assessment.

A student's score will reflect his/her most recent summative assessment score.

A student must complete the reassessment within two weeks (or a time as agreed upon by the teacher and student).

The end of the retake window is on the last day of the school year. If a summative assessment is given at the end of the year, it is the student's responsibility to retake the assessment according to the teacher's written procedures PRIOR to the last day of the school year.

Work Habits, Participation, and Behavior

High School Credit

If a student completes one or more High School Content Expectation Michigan Merit Curriculum credits before entering high school, the student shall be awarded credit toward graduation and will be noted on the high school transcript. The grade earned (60% or above) in the course will not be included in the computation of the grade point average on the high school transcript.

Personal Curriculum

Middle School students entering ninth grade might be eligible for a personal curriculum. Students and/or parents should contact the high school counseling office for details.

ATTENDANCE

Attendance, Absences and Tardies

A. RATIONALE We believe that:

- Every day in school is of vital importance to each of our students.
- Days missed from school cannot be completely recovered. The rationale and focus of our attendance policy is to support student participation in class instruction, discussion and other related learning experience.
- Interaction between students and teacher and involvement in the total school environment is a critical component of the learning process and is dependent on the student’s presence in the classroom. Although students can make up work missed when absent, they are not able to replace the interaction and instruction that occurs between the teacher and the student.
- Students who have good attendance achieve more success, more satisfaction, are better prepared to handle the rigors of high school expectations, and are more employable after leaving high school.
- We must work as a team- parents, students, teachers, administrators- to ensure that absences are limited to necessities such as illness, family emergencies, funerals, or school-related absences.

B. PROCEDURES FOR REPORTING AN ABSENCE

- When your child is going to be absent or tardy, it is the parent’s responsibility to leave a message on our attendance line by calling 655-4668 and pressing #1. You may call 24 hours a day and must call within a 24 hour time period to excuse your child.
- Parents may also report an absence online at <https://www.gowcs.net/domain/164>

Automated Attendance Caller

Whenever possible, parents/legal guardians will be notified by an automated calling system when their students are absent from school. This is done in an effort to keep parents/legal guardians informed about their student's attendance and as a reminder to call in about any excused absences. Please contact the main office with questions about these absences.

Truancy

Defined - Ingham County defines truancy as ten or more unexcused absences in a class. Truancy also includes the following:

- Excessive amount of days absent due to illness without documentation from a doctor
- Missing class hours or days without a valid reason
- Multiple days with unexcused absences
- Excessive number of tardies particularly in the morning

Classification of Absences

A student must be in class for 75% of the class period to be marked present in that class. Students who are not in class for 75% of the class period will be marked absent.

Excused Absences

The District accepts only the following as excusable reasons for absence from school.

- Personal illness or hospitalization – The administration may require a doctor's confirmation if deemed advisable.
- Illness or medical emergency in the immediate family.
- Death of a relative or attendance at a funeral.
- Observance or celebration of an established religious holiday or attendance at religious instruction.
- Absence during the school day for professional appointments – Parents are encouraged to schedule medical, dental, legal, and other necessary appointments outside of the school day. Since this is not always possible, students are to do the following:
 - Students shall have a statement to that effect from their parents;
 - Students and parents are encouraged to bring documentation of professional appointments to be kept on file.
 - Students shall report back to school immediately after their appointment if school is still in session.
- School-related and sanctioned events, field trips, competitions, and activities.
- School-imposed suspensions.
- Pre-arranged absences, personal convenience absences and trips/vacations
 - For these types of absences to be excused, parent notification of the absence must be made in writing at least two days in advance to the main office.

Unexcused Absences

Any absence from class, other than excused/school-related absences or any absence that has not been verified with the main office within 24 hours will be considered unexcused. Moreover, an unexcused absence from class may be considered truancy and subject to discipline. The following are some examples of potential unexcused absences: oversleeping, missing the bus, and personal business.

Responsibility for School Work

Excused Absence

When students have excused absences, one day to complete make-up work for each excused absence shall be granted by the teacher. Students who have an extended illness of three days or more, should make arrangements with their teachers on an individual basis. The administrator/or social worker or counselor may assist in making arrangements.

School-Related Absence

Students attending school-related functions (ex: field trips, contests, athletic events) must notify teachers in advance of the absence. Students must request homework prior to departure and arrange a time to make up missed tests or quizzes (if appropriate) at a time that is acceptable to teacher. Upon returning to school from a school-related absence, the work that was due on the day of the absence must be turned in.

School-Imposed Suspension

Students serving a suspension have full academic makeup privileges. The student is responsible for contacting his/her teacher and making arrangements for getting academic work (ex: Google Classroom, email, packet left in main office, etc).

Pre-Arranged Absences, Personal Convenience Absences, Trips/Vacations

Students are expected to be in classes while school is in session. There are generous vacation periods built into the school calendar, so absences of this type taken during school time are discouraged. Parents must notify the main office at least two days in advance for the absence to be excused. Students will be responsible for making necessary arrangements for missed coursework with their teachers and must notify teachers in advance of the absence. Students must request homework prior to departure and arrange time to make up missed tests or quizzes (if appropriate) at a time that is acceptable with the teacher. On the first day back to school from this type of absence, the work that was due on the day(s) of the absence(s) must be turned in.

Homebound Services

Students who face hospitalization or extended illness of five days or more should contact the main office as soon as possible in order to request homebound services. A doctor's verification and completed homebound services application will be required for homebound services.

Students with Disabilities

The IEP team or the 504 team will determine and document whether or not the Attendance Policy, as written, will be applied for a student with a disability under IDEA or Section 504 whose disability affects or is suspected of affecting his/her attendance.

Tardy Procedures

Punctuality is essential to maintain the integrity of the learning environment and foster responsibility.

- Students have 4 minutes passing time between classes.
- Being late to class means the student is not in the classroom with the needed materials for class by the time the tardy bell rings to signify the beginning of class.

- A student will be marked tardy by the teacher if they are late to class
- If a student is more than 15 minutes late to any class, they will be marked absent for that class. The only exception is a note provided by a staff member excusing the tardiness.

Consequences for Multiple Tardies Within an Individual Class

1. Third tardy - RTP plan development, parent contact from RTC Coordinator
2. Fourth tardy - Lunch detention, parent contact from RTC Coordinator
3. Fifth tardy - Revisit RTP plan, lunch detention, parent contact from RTC Coordinator
4. Six or more tardies - Parent contact from administration

The following tardies are exempt from the cumulative count and will not be added into the total tardies in a semester:

- a. School-Related Activities
- b. Religious Observance
- c. Tardiness Due To Injury, Disability, or Illness/Appointment

Closed Campus/Security Policy

Williamston Middle School has adopted a “Closed Campus Policy.” Every student is required to remain in school unless granted an exception from this policy by a school administrator. This policy is a reflection of our belief that the school has a responsibility for the safety and welfare of students assigned to it during the school day.

Definition of Campus

The campus of WMS is defined as the physical boundaries of the main building, west parking lot/playground area during lunch recess, and the sidewalk outside the entrance during the instructional day.

Procedure for Closed Campus Policy

The Closed Campus Policy requires that all students assigned to the building are in the building unless absent from school or granted an exception by the school administration. Accordingly, every exception must have prior approval and be recorded in the office.

Dress and Appearance

Students are expected to wear clothing in a neat, clean, and well fitting manner while on school property and/or in attendance at school sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment.

- Student dress (including accessories) may not advertise, promote, or depict alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.
- Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.
- Appropriate footwear must be worn at all times (state law).

- Student dress may not cause a substantial disruption to the orderly process of school functions or endanger the health or safety of the student, other students, staff, or others.

The administration reserves the right to determine what constitutes appropriate dress. Students who do not adhere to these guidelines will not be allowed to attend class. Parents will be called if appropriate clothing is not available or the student refuses dress code appropriate clothing. Infractions of dress guidelines may result in disciplinary action.

Food and Beverage Policy

1. All food must be consumed in the cafeteria unless students have teacher approval.
2. Students should refrain from having food or drink in the hallways or outside at all times.

School Meals Policy

- If the student's meal account is at zero, the student is permitted to charge a maximum of three meals. Once the limit is reached, an alternative meal of cereal, fruit/vegetable and milk will be offered. The cost of this alternative meal will be added to the student's account
- Charging privilege pertains to full school meals only not a-la-carte items.
- An email will be sent to parents/guardians when account funds are low. When the account falls below zero, parent/guardian will also be notified by email. If the balance reaches negative \$10.00, the parent/guardian will receive a phone call as well as the emails.
- Unpaid balances are due by the last day of each school year.
- No charging is allowed the last week of school.

Items Not Allowed In School

To assist students in behaving in a kind, safe, cooperative and respectful manner, the following items are not to be brought to school:

- Glass containers, items that squirt water, slingshots, matches & lighters, fireworks, laser pointers, knives & guns etc... in accordance with the Weapon Free Law.
- Media players and electronic devices such as cell phones, tablets, game playing devices, and similar electronic devices are not allowed outside of a student's locker during the school day, unless permission has been granted by a teacher for a specific educational purpose that is directly connected to a classroom lesson, project, or assessment.

WMS Behavior Referral System

- The middle school staff and administration are dedicated to maintaining a positive school environment for all students. This referral system is meant to be a way of documenting student behaviors and responding accordingly. It is our mission to provide a school that is safe, orderly, and productive. Students must accept their role as learners and responsible members of the middle school community. All students shall be liable to consequences for harmful behaviors.
- In order to reach our goal of reducing classroom and hallway disruptions and to assure a safe and orderly learning environment for all children, the Responsible Thinking Process (RTP) will be used throughout the middle school. RTP is a tool for our students and staff members to employ in order to grow and learn

in a consistent and safe environment. Through the use of The Responsible Thinking Process, students will learn and be required to self-manage their behavior.

RESPONSIBLE THINKING PHILOSOPHY:

- Students have the right to learn and teachers have the right to teach in safety.
- No one has the right to disrupt, to prevent other students from learning or to violate the rights of others.

Responsible Thinking Referrals: A student will be sent to the Responsible Thinking Classroom (RTC) to develop a plan of self-management after his/her second disruption in the classroom or hallway. The student will then negotiate with his/her teacher in order to be admitted back into the classroom from which the referral was received.

CODE OF CONDUCT

RATIONALE

The purpose of this Code of Conduct is to foster an environment that is safe and conducive to learning. Within our school, the administration and all other school personnel are responsible for creating and supporting such an environment. To achieve this goal, faculty, staff, parents, students, and other members of the community must have a clear understanding of the school's expectations for student behavior. The Williamston Middle School Code of Conduct provides those expectations by:

- integrating various sources of authority including state law, Board of Education policies, and administrative guidelines,
- identifying expectations and responsibilities of WMS students and administrators,
- defining the conduct that violates those rights and responsibilities,
- standardizing the procedures that the school will use in responding to conduct violations; and
- assuring the rights and responsibilities of students when disciplinary action is taken.

APPLICATION

The Code of Conduct applies to any student who is:

- on school property,
- enroute to and from school (public or private transportation);
- traveling on school-affiliated transportation,
- attending school or involved in any school-affiliated activity,
- with respect to any misconduct toward any school employee or damage to his/her property, whether on or off school premises; and
- whose conduct at any time or place directly interferes with the operations, discipline, or general welfare of other students, school employees, or the school.

Search and Seizure

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may use their discretion to search a student, backpack, purse, locker, desk, or any other area under the circumstances outlined below and may seize any illegal, unauthorized or contraband

materials discovered in the search. Student lockers and desks are school property and remain at all times under the control of the school district; however, students are expected to assume full responsibility for the security of their lockers and desks. Students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. School authorities may conduct periodic general inspections of lockers and desks for any reason at any time without student consent and without a search warrant.

A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action. A student's person and/or personal effects (e.g., purse, book bag, athletic bag, vehicles) may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities.

Categories of Misconduct

To establish the best possible learning environment for the student, as well as to provide for the health, safety, and welfare of all students and school personnel, the following categories of misconduct have been adopted. Code of Conduct Infraction Levels

Level 1 Infractions (Conduct that impedes orderly operation of classroom or school)

Level 1 behavior should be handled by the classroom teacher whenever possible. Ordinarily, a teacher will not refer a student engaging in Level 1 behavior to the school administrators until the classroom teacher has documented and taken progressive disciplinary actions and has initiated contact or communicated with the student and parents. Thereafter the classroom teacher may refer the student to the office through a written referral. However, teachers may write referrals directly to an administrator when the misbehavior occurs outside the classroom or in exceptional circumstances where the classroom teacher believes outside assistance is necessary.

Level 2 Infractions (Conduct that is serious or illegal)

Normally, a student who commits a Level 2 violation will be subjected to disciplinary actions at the discretion of the administrator. Parent or guardian contact may be made either through a personal conference, phone conference, or in the event the previous are not possible, through written communication. Teachers making an office referral must do so in writing either at the time of the violation or as soon as possible thereafter.

Note: Any student who commits a Level 2 violation may be denied participation in any school or school-related, extra-curricular or co-curricular activity or event. Furthermore, the administration reserves the right and discretion to notify the Williamston Police Department or other proper authorities in the event of Level 2 Infractions.

Level 3 Infractions (Conduct that is serious or illegal)

A student who commits a Level 3 violation will be suspended and subjected to other disciplinary actions at the discretion of the administrator. Parent or guardian contact may be made either through a personal conference, phone conference, or in the event the previous are not possible, through written communication. Teachers making an office referral must do so in writing either at the time of the violation or as soon as possible thereafter.

Note: Any student who commits a Level 3 violation will be denied participation in any school or school-related,

extra-curricular or co-curricular activity or event. Furthermore, the administration reserves the right and discretion to notify the Williamston Police Department or other proper authorities in the event of Level 3 Infractions.

Level 4 Infractions (Conduct that is serious or illegal and is potentially life or health threatening)

A student who commits a Level 4 violation will be suspended, may be recommended for expulsion from Williamston Community Schools, may be subjected to legal action, and/or may be subjected to other disciplinary actions at the discretion of the administrator. Students expelled from Williamston Community Schools may be reinstated in accordance with Board of Education policy. Parent(s)/guardian(s) may be required to meet with school personnel and, if necessary, the proper authorities.

Note: Any student charged with a Level 4 violation will be denied participation in any school or school-related, extra-curricular or co-curricular, activity or event. Furthermore, the administration reserves the right and discretion to notify the Williamston Police Department or other proper authorities in the event of Level 4 Infractions.

Level 5 Infractions (Conduct that is extremely serious, illegal and is potentially a great threat to life or health)

A student who commits a Level 5 violation will be suspended, recommended for permanent expulsion from Williamston Community Schools, subjected to legal action, and/or other disciplinary actions at the discretion of the administrator. These consequences are in compliance with the *Safe Schools Act* (MCL 380.1311). However, as modified by 380.1310d, before suspending or expelling a student for these infractions, the Administration must consider the following factors:

- The student's age,
- The student's disciplinary history,
- Whether the student has a disability,
- The seriousness of the violation or behavior,
- Whether the violation or behavior committed by the student threatened the safety of any student or staff member,
- Whether restorative practices could be used to address the violation or behavior, and
- Whether a lesser intervention could properly address the violation or behavior.

*Note – these factors do not apply when a student possesses a firearm in a weapon-free school zone.

With regards to a dangerous weapon, there is a rebuttable presumption that expulsion for possessing the weapon is not justified if the School Board or its designee determines in writing that the student has established that he or she fits under any of the exceptions listed below by clear and convincing evidence, and that the student has no previous history of suspension or expulsion:

- The object or instrument was not possessed for use as a weapon (or delivery for another person to use as a weapon)
- The student did not knowingly possess the weapon
- The student did not know or have reason to know that the object constituted a dangerous weapon
- The student had the weapon at the suggestion, request, or direction of, or with the express permission of school or police authorities.

Students expelled from Williamston Community Schools may be reinstated in accordance with Board of Education policy. Parent(s)/guardian(s) will be required to meet with school personnel and, if necessary, the proper authorities.

Note: Any student charged with a Level 5 violation will be denied participation in any school or school-related, extra-curricular or co-curricular, activity or event. Furthermore, the administration reserves the right and discretion to notify the Williamston Police Department or other proper authorities in the event of Level 5 Infractions.

Disciplinary Consequences

It is our mission to keep parents fully informed concerning the conduct of their child. Students who accumulate multiple referrals may be excluded from participation in school events including athletics, extracurriculars, after school events, field trips, etc.

***Not in strict order of severity; administrators have the full discretion to determine the appropriate consequence(s) to fit the behavioral infraction(s) in question.**

- Student Conference
- Warning/Correction/Redirection
- Parent Phone Conference
- Parent Conference
- Denial of Privilege (such as prohibited from attending or participating in athletic/extracurricular activities)
- Confiscation of Property
- Restitution
- Removal from class
- Removal/Suspension from Bus
- Detention
- Suspension (short-term, 1-10 days)
- Suspension (long-term, 11-45 days as assigned by the Superintendent)

- Permanent Expulsion (Solar year with application for re-admittance as decided by the School Board)
- Referral to Substance Abuse Assessment
- Referral to Agency/Law Enforcement (mandatory for all drug and alcohol related offenses)

In all disciplinary cases, the administration may elect to employ after school detention, suspension, mediation and/or other disciplinary measures deemed appropriate and not specifically outlined here, in lieu of or in addition to other discipline. (See below for description of penalties.)

The severity of the offense, a continuation of misconduct, and/or persistent disobedience, may result in more severe consequences than those outlined here including a recommendation for expulsion.

The following may be considered when applying the Code of Conduct to a student's behavior:

- Cooperation/honesty
- Severity of offense
- Level of disruption to the learning environment
- Prior infractions/offenses
- Responsibility or level of ownership and willingness to make changes
- Willingness to participate in Restorative Justice (if applicable)
- Discipline involving students with disabilities will be applied in a manner consistent with applicable student discipline procedures as well as federal and state laws.

Restorative Justice Practices

Administrators should consider using restorative practices as an alternative or in addition to suspension or expulsion. Restorative Justice should be the first consideration for infractions such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damaging property, class disruption, harassment, and cyberbullying.

Restorative practices may include target-offender conferences that:

- Are initiated by the target;
- Are approved by the target's parents or legal guardian or, if the target is at least 15, by the target directly;
- Are attended voluntarily by the target, a target advocate, the offender, members of the school community, and supporters of the target and the offender;
- Provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm.

The attendees of the conference may require the student to apologize; participate in community service; restoration of emotional or material losses, or counseling; pay restitution, or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Classroom Progressive Discipline Procedures

Teachers are expected to use progressive discipline which includes:

1. Explanation of established classroom rules, disciplinary procedures, and consequences.
2. Teaching, modeling, and practicing appropriate behavior throughout the year.
3. Parent/guardian contact where a pattern of misbehavior exists or where there is extreme misbehavior.

Snap Suspension

Snap Suspension: In accordance with State law and Board of Education policy, snap suspensions may be issued by teachers in accordance with the following definitions, policies, and procedures. A teacher is authorized to immediately remove and suspend a student from a class, subject, or activity for up to one day for violation of the following inappropriate behaviors as defined by the student discipline code of conduct:

1. harassment/bullying and/or sexual harassment;
2. profanity/obscenity;
3. insubordination/insolence;
4. gross misbehavior.

Note: All other violations of school policy should be referred to school administration. Snap Suspension Procedure

1. The teacher must complete a referral form to inform administration of the suspension before the end of the class, subject, or activity.
2. The teacher must send the student being suspended (with an escort) to the office as soon as the student is removed from the class.
3. The teacher will contact the parent/guardian of the student by phone by the end of the day, or in writing within two school days, to request that the parent/guardian attend a conference to discuss the student's inappropriate behavior. An administrator will be present at the conference if requested. The school counselor, psychologist, or social worker shall also attend this meeting if requested by the parent/guardian or school.
4. The student shall not be returned to the classroom that day unless the teacher and administrator agree it is appropriate.
5. The teacher will maintain written documentation of the snap suspension and place a copy in the student's discipline file.

In-School Suspension

The administration may assign an in-school suspension in lieu of out-of-school suspension. The in-school suspension is held during the school hours and is supervised by a staff member.

Students are required to bring their books and school materials. During the day the students will work on class assignments provided by their teachers and may meet with their counselor. The students will receive full credit for work completed while in in-school suspension. The students will be separated from their peers for the school day and they will not be allowed to participate in extracurricular activities from the beginning of the first day of in-school suspension until the close of the school day on the final day of in-school suspension. The students may not sleep, play games or cards, or use any personal electronic device. Should a student cause a disruption, or be insubordinate to the staff member, he/she will be given an out-of- school suspension equivalent to the number of days he/she was originally assigned to in-school suspension. The principal or designee's decision on the short-term suspension is final.

Short Term Suspension (1-10 school days)

A principal or designee may suspend a student from school or any school function for up to ten (10) school days for violation of the Student Code of Conduct.

A student on suspension is not allowed on campus, including extra-curricular participation or activities from the time the suspension is imposed until midnight of the final day of suspension. A suspended student is allowed full make up privileges - homework assignments, quizzes, chapter, unit, quarter, and final exams.

If a student is suspended prior to 4th hour (the first half of the school day), the student can be sent home once parent/guardian contact is made and that day will be counted as a day of suspension.

Before the suspension is issued, the student shall be informed of the specific charges and have the opportunity to respond to the allegations. The administrator shall provide written or telephone contact, if possible, to the parent/guardian of the suspension, its cause and its length. The principal or designee's decision on the short-term suspension is final.

Long Term Suspension (59 school days)

The superintendent may suspend a student from school or any school function up to and including 180 school days for violation of the Student Code of Conduct.

A student on suspension is not allowed on campus, including extra-curricular participation or activities from the time the suspension is imposed until midnight of the final day of suspension. A suspended student is allowed full make up privileges - homework assignments, quizzes, chapter, unit, quarter, and final exams.

If a student is suspended early in the school day, the student can be sent home once parent/guardian contact is made and that day will be counted as a day of suspension.

The principal or the designee may suspend a student pending the long term suspension hearing before the superintendent. A written notice of any proposal to long-term suspend and the charges upon which the long-term suspension is based shall be given to the student or the student's parents/guardians. The notice of the proposal for a long-term suspension shall state the time, date and place that the student will be afforded an opportunity for a formal hearing before the Superintendent. The parent/guardian or student will be provided at least 3 calendar days' notice before the hearing. A copy of the Board policy and the administrative procedures shall also be given with the notice.

Upon the conclusion of any formal hearing which results in a long-term suspension, the Superintendent (Hearing Officer) shall make a written report of the findings and results of the hearing. The report shall be directed to the Board and shall be open to the inspection of the student who is suspended, and if the student has not attained 18 years of age, to the parents or guardians and counsel or other advisor of the student. The Superintendent or designee's decision regarding a long-term suspension is final.

Expulsion

At the expulsion hearing, the Superintendent shall hear evidence of whether the student is guilty of the gross disobedience or misconduct as recommended. After the presentation of the evidence, the Superintendent shall decide the issue of guilt and take such action as he/she finds appropriate.

Upon the conclusion of any formal hearing which results in an expulsion for 60-179 days, the Superintendent shall make a written report of the findings and results of the hearing. The report shall be directed to the Board and shall be open to the inspection of the student who is suspended, and if the student has not attained 18 years of age, to the parents or guardians and counsel or other advisor of the student.

Expulsions for 60-179 days may be appealed following the procedures listed below (see "60-179 Day Expulsion Appeal Process"). During a 60-179 day expulsion appeal, the student will remain on out-of-school suspension until the appeal is completed.

Permanent Expulsion

"Permanent Expulsion" means a permanent and complete severance of the relationship between the student and the District.

A student may be permanently expelled only by action of the Board of Education following recommendation by the building administrator or designee. The permanently expelled student will not be allowed to enter school

property, attend or participate in any school or school-related activities, including but not limited to, athletic, music, drama, club events, dances, prom, award and recognition events, and commencement.

A written notice of any proposal to permanently expel and the charges upon which the permanent expulsion is based shall be given to the student and the student's parents or guardians. The notice of the proposal to permanently expel shall state the time, date and place that the student will be afforded an opportunity for a formal hearing before the Board. The parent/guardian or student will be provided at least 3 calendar days' notice before the hearing. The notice shall also state the right of the student to be represented by counsel, to produce witnesses, and submit evidence on his or her behalf, and to cross-examine any adult witnesses who may appear against him or her. A copy of the Board policy and the administrative procedures shall also be given with the notice.

Upon any conclusion that results in a recommendation to the Board for permanent expulsion, the Superintendent shall submit a written report detailing the reason(s) for the recommendation to the Board. The report shall be open to the inspection of the student who is being recommended for permanent expulsion, and if the student has not attained 18 years of age, to the student's parents or guardians and counsel or another advisor of the student. If the student is 18 years of age or older, the report shall be open to inspection by the parents or guardians and counsel or another advisor of the student only upon written consent of the student.

At the permanent expulsion hearing, the Board shall hear evidence of whether the student is guilty of gross disobedience or misconduct as recommended. After the presentation of the evidence, the Board shall decide on the issue of guilt and take such action as it finds appropriate.

Any student whose conduct may warrant suspension or expulsion will be provided due process.

60-179 Day Expulsion-Appeal Process

Any student who has been expelled for 60-179 days may appeal the expulsion to the Board by filing a written notice of the appeal with the Board Secretary not later than 10 calendar days after receiving written notice of the 60-179 day expulsion.

The student and his/her parents or guardians shall be notified in writing of the time and place of the appeal hearing at least three days prior to the appeal hearing. The appeal hearing shall be conducted in accordance with the procedures stated above. The Board's decision is final.

EXTRA-CURRICULAR ACTIVITIES

Athletics

Williamston Middle School offers interscholastic sports for 6th, 7th & 8th graders. Sixth grade athletics includes cross country, wrestling, and track and field. We encourage student participation in athletics and the goal of winning is superseded by the goal of participation. A physical exam is required for any student participating in interscholastic sports. Electronic registration and physical forms are available on the district website under the category of “co curricular activities”. Additionally, each student will be required to pay an annual one-time athletic registration fee before s/he may compete with a Williamston athletic team.

School Attendance

Students must be in school all day in order to participate in an athletic contest or practice that afternoon or evening. The exception to this rule is a prearranged absence as requested by the parents such as a dental/doctor appointment or funeral. Please see the excused absence section of the handbook.

Athletic Code of Conduct

Additional athletic related guidelines and policies are available on the district website under the category of “co curricular activities”.

Attendance at Williamston High School Athletic Events

Any student in the 6th grade or younger, must be accompanied by an adult in order to gain admission to any Williamston High School athletic event. This policy is in place to ensure the safety of all students.

GENERAL INFORMATION

Bicycles

Students may ride bikes to school. Once students arrive at school, bikes must be parked and locked in a bike rack and remain there until dismissal. There are bike racks located at the front and the back of the building.

Bus Policy

Students are expected to conduct themselves in a responsible manner and are subject to the Code of Conduct while getting on, off, at the bus stop, and riding the bus.

Birth Certificates / Immunizations

Michigan law requires all schools to have a birth certificate on file and a current immunization record for each child. All children entering school must be adequately immunized against (DTAP) diphtheria, pertussis, tetanus (HIB), haemophilus B, polio, (HBV) hepatitis B, (MMR) measles, mumps and rubella, and (Varivox) chicken pox. Students entering 7th grade are required to have one dose of Meningococcal (MCV4 or MPSV4) vaccine (meningitis). Also, children are required to now have 2 doses of varicella vaccine or history of chickenpox disease, and one dose of Tdap vaccine (if 5 years have passed since the last dose of tetanus/diphtheria vaccine - Dtap, Td or DT). Parents or guardians must present to school officials, by the first day of entrance into school, a certificate of immunization or a statement of exemption. When your child receives a booster shot, be sure to notify the school so that the student record can be updated.

Waivers

ALL non-medical waivers (religious or philosophical) must be issued from the Local Health Department. Based on the Public Health Code when a child enters a school, childcare, preschool or head start the child must be either fully immunized or have a certified waiver on file. If a child continues to be enrolled at the same childcare, preschool, or head start program for consecutive years, waivers do not need to be signed annually, unless the child becomes eligible for immunizations not previously waived, then a new waiver education session will need to occur. Forms cannot be altered in any way (such as crossing information out). For further information see:

Proof of Residency

Williamston Community Schools requires proof of residency for children enrolling in school. It must include a copy of one of the following: a rent receipt, mortgage receipt, or utility bill. It must have your name and address on the proof of residency.

Closing of School

During the year, it may become necessary to close school, delay the opening of school, or dismiss school early. You can get this information from the district website at www.gowcs.net or local television and radio stations. The District will also use School Messenger, an automated notification system, to inform parents/families. Directions for enrolling in School Messenger can also be found on the District website. Parents may keep students home if it is felt it is unsafe to travel to school due to weather conditions. In the event of a delay, students should arrive at school no more than 15 minutes before the announced start time.

Detection Dogs

The District may use a detection dog, without a warrant or consent, to sniff property in an effort to locate illegal drugs or contraband according to the protocol below. A detection dog will not be used to search a person unless a warrant or appropriate consent has been obtained before the search or the search is otherwise authorized by law or Policy.

A. Protocol for Use of a Detection Dog

1. A detection dog is only permitted on District property with prior written permission of the Superintendent or building principal or pursuant to a court order. If law enforcement seeks to bring a detection dog onto District property to comply with a court order, the Superintendent or building principal will request and retain a copy of the court order.
2. A detection dog must be properly trained and reliable and must be handled by a law enforcement officer or other person qualified to handle the dog.
3. The Superintendent or building principal will determine the location(s) where a detection dog will be used, in the absence of a warrant or court order specifying such location(s).
4. Students and staff may be informed over the public address system and may be directed to remain in place or relocate to a different area during the use of the detection dog.
5. If a detection dog alerts on a person's property, the alert will constitute reasonable suspicion for a District administrator to search the property.
 - a. The administrator may first seek the person's consent to search the property.
 - b. Absent consent, a search must be justified at its inception and reasonable in scope.
 - c. All searches of students must comply with Policy 8130, and the student's parent/guardian will be notified of the search as soon as practicable after the search concludes.
 - d. If the driver of a vehicle on which a detection dog has alerted refuses to unlock the vehicle, the matter will be promptly referred to law enforcement. The driver may also be subject to discipline.
6. Anything found in the course of a search that is evidence of a violation of Policy, school rules, handbook, or federal or state law may be seized and admitted as evidence in any disciplinary proceeding. A District administrator will tag and identify any illegal drug, dangerous weapon, and other illegal item and promptly turn it over to law enforcement.

Notice of Section 504 Due Process
