

February 25, 2021

Dear Discovery and Explorer Families,

In preparation for our first day of full-day in-person learning, we are sharing some important reminders about our arrival and dismissal procedures. The attached video includes important information about arriving on campus. Though much of this is a review, **we ask that you pay close attention to the car loop information**. We are implementing a new car loop process that we hope will help to expedite things during morning arrival.

View the video [here](#) for more information.

The presentation without narration can be viewed [here](#).

We will send an additional communication on Sunday with some final reminders for a smooth start to our full-day learning schedule.

Thank you for your continued support.

Cassie Pfander and Kelly Campbell
