## **Learn Today. Lead Tomorrow.**

The mission of the Williamston Schools Foundation is simple: to enrich and enhance the quality of the educational experience of the children of Williamston Community Schools. The foundation provides supplementary funds and resources that otherwise might not be available for the benefit of our students' education. Our support encourages a high level of innovative educational opportunities and academic excellence throughout our schools. Every day, we work to enrich and enhance the quality of the educational experience of the children in Williamston Community Schools. Since our inception in 1981, the Williamston Schools Foundation has given more than \$1.6 million in grant funding to our schools!
